Event Parking

Washington State Convention Center operates two covered parking garages that adjoin each other and WSCC. Combined, they can accommodate approximately 1490 vehicles. Unlike most downtown parking garages located in the retail and theater district, WSCC parking is located in close proximity to two I-5 exits and is accessible from the eastside of the freeway. One customer commented, "You can park downtown without all the traffic congestion."

WSCC operates a parking system that dramatically improves the speed of exiting the parking garages. The new central cashier and automated express payment machines give customers the choice of friendly customer service from our cashiers or the quick transaction speed of the automated express payment machines.

Payment machines and the cashiers accept major credit cards and cash. WSCC is one of the few parking garages that does not charge higher event rates for big events. Our daily rates are consistently on the low side of rate surveys of surrounding parking garages.

Shoppers and A Contemporary Theatre (ACT) patrons have easy covered access. ACT and the parking garages are connected so there is no need to go out in the weather or wait at street lights. Shoppers can also go from WSCC through a covered corridor that connects to Rainier Tower at Fourth Avenue, without stopping for traffic lights. This route is lined with retail shops.

EXITING THE PARKING GARAGE

Prior to returning to your car to exit the garage, payment can be made at one of the three automated pay stations or at the central cashier kiosk conveniently at WSCC parking entrance on Level 3. An additional, automated station is located just inside the garage on the Eighth Avenue entrance/exit in Aisle A, by the crosswalk.

Three Easy Steps

1. Take a parking ticket as you enter the garage. Keep this ticket with you after you leave your vehicle.
2. Prior to returning to your vehicle, insert your ticket in one of the automated pay stations or take to the central cashier kiosk located at WSCC (Level 3) and garage entrance. You can use cash or major credit cards to pay the parking fee. Upon payment, the automated pay stations or cashier will validate your ticket and return it to you.
3. Insert your validated ticket in the machine at the exit gate as you leave the garage, with the arrow and number side of ticket face up and pointing towards the machine. The gate will open. If additional assistance is needed please press the intercom button.
